

MInTFM FAQs

Some of the frequently asked questions about the programme are listed below

[1] Do I need IELTS?

Not necessarily. You need only one evidence of English ability. EITHER a medical degree that has been taught in English OR IELTS OR OET or equivalent. You do not need a medical degree taught in English and IELTS together.

[2] My university did not issue centile rankings. What do I do?

If your university did not issue centile rankings, state this on the application form.

[3] What type of reference are you requesting? Is there a standard form?

There is no standard form. You need a reference from a senior person attesting your suitability for family medicine training.

[4] Are there any loans or scholarships?

Selected scholarship and bank loan may be available on request. HLP and MARA may be applied for. EPF funds may be withdrawn and bank loans, such as with AFFIN bank may be used.

[5] Are there any extra costs?

The programme cost will be RM 25,000 per year. This is all inclusive of training, day release, use of online platform and all examination fees. The total costs for 4 years of training will be RM 100,000. The only additional cost would be for repeat examinations if you fail the first time.

[6] Can I pay by instalments?

Yes. There will be an initial RM10,000 fee, followed by 4 quarterly payments, annually until the RM100 000 is fully paid by the end of the course duration.

[7] Will I be paid during the programme?

Yes, current MoH employees will continue with their current pay.

[8] Is the programme full-time or part-time?

The programme is full-time training.

[9] Is the programme recognised for the National Specialist Register?

MInTFM has applied to the Education Committee of the Medical Council for NSR recognition and we are confident that our first graduates will be registered with the NSR.

[10] How long will gazettelement be?

Gazettelement will be 6 months following completion of the programme.

[11] Where will interviews be?

Interviews will be held virtually

[12] Can I get transfer credit from other programmes or have previous experience recognised?

No. We do not have arrangements for this as yet.

[13] Which hospitals will I be in?

Our training is locally based. Hospitals allocations will follow the scheme sites i.e KL for the Central Corridor and theNorthern Corridor (centred on Penang and Kedah) and the Southern , Johor Scheme .

[14] What rotations will I have to do?

You will be expected to do 20 weeks of paediatrics, O&G and internal medicine, 12 weeks of psychiatry followed by short rotations including ENT, ophthalmology ,dermatology, orthopaedics and emergency medicine.

[15] What are the examinations?

The MICGP examinations are modular in 3 parts. The first part can be taken from 2nd year onwards. The 3 parts are: the Core Knowledge Test Module (CKT), the Modified Essay Question Module (MEQ), and the Clinical Competency Test (CCT).

[16] Who will examine us?

Examiners will be from Ireland (ICGP) and Malaysia.

[17] In which other countries is this MICGP programme recognised?

MICGP is recognised in Malaysia, Ireland, UK & Australia. However, the aim of this programme is to train Family Physicians to meet the needs of Malaysia.
